Ammonia Transport Tank

Design Code : AD2000
Design Pressure : 17,5 bar
Test Pressure : 26,5 bar
Design Temperature: -20 / +50 °C
Capacity : 55 m³
Material : EN 10028-2 (P355 NH)
Tank Type : Ammonia Transport Tank

Amonyak Transport Tank

Транспортный резервуар для аммиака

خزان نقل الأمونيا

- ✓ Project and calculation controls and approval
- ✓ Chemical and mechanical testing of materials
- ✓ Separate material control and cold stamping
- ✓ Step-by-step production review
- ✓ Dimension control
- ✓ Radiographic inspection
- ✓ Ultrasonic thickness control
- ✓ Penetration paint test
- ✓ Heat treatment
- ✓ Hydrostatic test
